# Foodle

Foodle was created for our Computer Science Capstone project, and is a recipe recommendation system. We used Figma to prototype our website flow (shown above), and developed a functioning prototype using React, HTML, and CSS.

# FOODLE

Key Responsibilities:

Scrum Master, Frontend developer,  
UX/ UI Design

The screenshot shows the first step of a three-step recipe submission process. The title 'Foodle' is at the top. Step 1: 'Select the ingredients your recipe will use' has a dropdown menu labeled 'Ingredients'. Below it are 'CONTINUE' and 'BACK' buttons. Step 2: 'We do an additional check to make sure you don't submit a recipe that already exists on this site' is shown below a horizontal line. Step 3: 'Fill in your recipe details' is at the bottom with a 'Last step' note.

This is a modal window titled 'Add Recipe to Calendar'. It has a dropdown 'Meal Type' set to 'Breakfast' and a date input set to '08/05/2022'. A large 'Add' button is at the bottom right.

The main Foodle interface features a navigation bar with 'Foodle', '+ New Recipe', a bell icon, and a user profile icon. On the left is a sidebar with 'Ingredients', 'My Pantry', 'Lists', and 'Calendar'. The main area shows '1012 recipes' with a search bar and filters for 'Ratings: High to Low' and 'Filters'. Below are nine cards for different recipes: Boiled prawn wontons with chilli dr..., Chickpea flour pancakes with salsa..., Summery pea soup with turmeric s..., Sweet potato fishcakes, Spring chicken stew, Chicken goujons, The best broad bean salad, Chickpea flour pancake..., and Grilled peach salad with... Each card includes a thumbnail, title, time, rating, and a heart icon.

The login page has a 'Login' header. It contains fields for 'Username' (placeholder: Please put in your username) and 'Password' (placeholder: Please put in your password). A green 'LOGIN' button is at the bottom. Below it are links for 'No Account? Register now!' and 'Forgot password? Reset here!'

The register page has a 'Register' header. It contains fields for 'Email address' (placeholder: Please put in your email), 'Confirm Email address' (placeholder: Please confirm your email), 'Username' (placeholder: Please put in your username), and 'Password' (placeholder: Please put in your password). A green 'REGISTER' button is at the bottom. Below it is a link for 'Already have an account? Login now!'

The calendar page shows a sidebar with 'My Calendar' and a main area for 'Friday 5 August 2022'. It lists breakfast recipes: 'The best broad bean salad...', 'Chickpea flour pancake...', and 'Grilled peach salad with...'. Below is a section for 'Lunch' with 'No recipes added' and 'Dinner' with 'No recipes added'.

The calendar view for August 2022 shows a grid of days from Sunday 31 to Saturday 6. Friday 5 is highlighted in green. The days from 7 to 13 are greyed out. The days from 14 to 20 are light blue. The days from 21 to 27 are white. The days from 28 to 31 are light blue. The days from 1 to 3 are white.

# FRENCHTOAST

Created for Human Computer Interaction course.

We were tasked with creating an education platform on a web-based system

The screenshot shows the 'Onboarding' section of the FrenchToast website. The header features the logo 'FrenchToast' with a small bread icon. Navigation links include 'About', 'Log In / Register', and a dropdown menu 'About menu' with options: 'For Teachers', 'For Students', 'For Enterprise', and 'For Fun'. The main content area displays the tagline 'Classrooms made more interactive' and the subtext 'The next best thing after French Toast.' Below this is a large image of a plate of French toast with butter and syrup.
